CORTEK PRO BACKPACK
CORTEK PROFESSIONAL

DESCRIPTION

Cortek Professional is the Pro backpack of the new Cortek serie. It is a backpack made of semi-rigid special Nylon with high resistance to both tractions and liquids. The particular fabric allows you to have, in addition to the internal pockets, also other 3 pockets that cover the entire front surface, thus extending the load capacity while remaining in a small footprint. Professional also the internal pocket for laptop 30cm wide and the external side pockets equipped as well as with a zip closure. Given the high versatility it can be used in all contexts. It is now available in gray coloring.
