CASE GAMING
HEXANE
8058772931963
CASE GAMING MicroATX HEXAGON
HEXAGON

DESCRIPTION

The Hexagon case is the first Cortek case of unconventional shape, in this case just hexagonal.

The futuristic aesthetics, the bright side bars and the superb finishes make the Hexagon a very special case.

You can however install: standard ATX power supply, MicroATX motherboard, HDD, SSD and video card up to 270mm in length. The case also has a carrying handle (I would say necessary to show it ...) already integrated into the outer cover.

COLOR	Black
