ALANTIK NOTEBOOK ADAPTER 90WATT

DESCRIPTION

The Alantik NA9001 is a Notebook power supply with automatic regulation. It has a real power of 90watt and in the package are already included 8 connectors for the main notebooks on the market (there is also a kit with 6 other connectors including Dell and the new HP and Lenovo). The attack is 3-pin and has a self-protective voltage system. Although it has a weight of over 200 grams, the power supply is small.
