DESCRIPTION

The Aqua keyboard is a very high quality product. It is a hot swap gasket mechanical keyboard with 68 keys and transparent structure, communication is Bluetooth, RF or cable. The switches mounted are the Cortek Phantom Silent Linear or the Kailh Box White Click-bar. The version with the Cortek Silent switches, the 6 gaskets and the 4 internal absorbent layers give a particularly soft and pleasant touch. The version with the Kailh Box White switches is for click lovers, as it is well known that the best click on the market is precisely that of the switches Kailh Box in the various versions, this "Click-Bar" technology being superior to the others. The keys are very high quality PBT with sublimation on 5 sides and, in addition to the US layout, they have Italian characters printed on the front. In the package there are more keys and also four thematic keys designed on the 5 sides: space-bar, enter, long fn, short fn. The lighting is RGB. Science is equipped with software that can be downloaded from the Cortek website.
