**CASE ATX ALANTIK CASA24 WITH PSU**

DESCRIPTION

The CASA24 Case is an ATX MiddleTower case supplied with an Alantik 500watt power supply with a 12cm fan and a SHUKO power cord.

The case has been designed by Cortek, the front is simple and essential, the controls and the outputs are all placed in the front part in the upper position and you can mount 2 fans of 12 cm frontally.

The case has 4 USB outputs, 2 of which in version 3.0 and there is also a Card Reader.

The structure is new and although designed for office use can accommodate video cards up to 350mm.

The interior of the case is painted in black.

The successful design, the new structure and the wide range of outputs, combined with a very low price make this an unbeatable product in its type of product.
