CASE GAMING MicroATX CORTEK CAWAGO
CAWAGO

DESCRIPTION

The Cawago is a narrow MicroATX case with a particularly refined aesthetic and made even more appealing by the original and generous aluminum foils placed on the front and top. Of course, the structure is also of superior quality with a diameter of 0.60mm and the equipment is complete: USB 3.0, Card Reader, fan control, light front fan.

Recall that, being a narrow case, the power supply to be mounted is of the SFX type and, for heavy use, we recommend the Gammec PM351G with 350watt real power and PFC Active.

COLOR	Black with golden aluminum bands
INTERNAL PAINTING	Black
METAL THICKNESS	0.60mm
NET WEIGHT	3.15kg
STRUCTURE DIMENSION	140x330x350mm
