**CORTEK HAPPY MECHANICAL HOT SWAP KEYBOARDS**  
**CORTEK HAPPY**

DESCRIPTION

The Happy keyboard is a high quality product.  
It is the cheapest keyboard of the new Cortek keyboards.  
It is a hot swap mechanical keyboard with 68 keys, communication is Bluetooth, RF or wired.  
The switches mounted are the Cortek Phantom Silent Linear (code HAPPYS) or the Kailh Box White Click-bar (code HAPPYC).  
The version with the Cortek Silent switches and the two absorbent internal layers give a particularly soft and pleasant touch.  
The version with the Kailh Box White switches is for click lovers, as it is well known that the best click on the market is precisely that of the switches  
Kailh Box in the various versions, this "Click-Bar" technology being superior to the others.  
Happy is equipped with a volume setting wheel and RGB lighting which is also on the side and at the bottom.  
The keys are colored (3 colours) and, in addition to the US layout, have Italian characters printed on the front.  
Happy is equipped with software that can be downloaded from the Cortek website.  
The package includes a transparent keyboard cover and an extractor for keys and switches.
