DESCRIPTION

This is a set of keycaps in MDA format.
 They are the same keys mounted on the Cortek Ocean keyboard.
 It is a very high quality product, the process is sublimation on the 5 sides of the button.
 In the package we find 68 keys + 10 keys to adapt to larger keyboards + 4 thematic keys designed on all 5 sides on the ocean theme: water, surf and killer whale.
 The layout is ANSI, with US characters drawn above the keys and Italian characters on the front.
 When paired with the Cortek Phantom Silent Switches, they offer particularly silent and extremely comfortable typing.

Type MDA Keycaps set
 Manufacturing 5 sided sublimation
 Pieces 87 (TKL format) + 5 (to adapt to smaller keyboards) + 4 thematics (Science)
 Thematics Spacebar, Enter, long FN (for big keyboards), short FN (for short keyboards)
